In the Claims

Statutory Disclaimers

With regard to claims 1-15, 17-22, and 24-26, Applicant provides herewith a terminal disclaimer to obviate a provisional double patenting rejection over a pending “reference” application that disclaims, except as provided therein, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of any patent granted on pending reference Application Number 10826435 (Docket: CNTR.2075), filed on 04/16/2004, as such term is defined in 35 U.S.C. 154 and 173, and as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application.

The aforementioned terminal disclaimer also disclaims, except as provided therein, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of any patent granted on pending reference Application Number 10826433 (Docket: CNTR.2076), filed on 04/16/2004, as such term is defined in 35 U.S.C. 154 and 173, and as the term of any patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application.

The aforementioned terminal disclaimer further disclaims, except as provided therein, the terminal part of the statutory term of any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of any patent granted on pending reference Application Number 10826475 (Docket: CNTR.2223), filed on 04/16/2004, as such term is defined in 35 U.S.C. 154 and 173, and as the term of any

patent granted on said reference application may be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application.
